Dear Madam Speaker:

Pursuant to Section 36(d) of the Arms Export Control Act, I am transmitting, herewith, certification of a proposed amendment to expand the sales territory associated with a manufacturing license agreement for the production of significant military equipment in the Republic of Korea.

The transaction contained in the attached certification involves the export of defense articles, including technical data and defense services, to support the manufacture of T-50 Military Trainer Aircraft in the Republic of Korea, as well as the subsequent transfer of technical data to support marketing of the T-50 Trainer within an authorized sales territory.

The United States Government is prepared to license the export of these items having taken into account political, military, economic, human rights, and arms control considerations.

More detailed information is contained in the formal certification which, though unclassified, contains business information submitted to the Department of State by the applicant, publication of which could cause competitive harm to the United States firm concerned.

Sincerely,

Richard R. Verma
Assistant Secretary
Legislative Affairs
